

ALL OF THE MONTHLY RECORDS ARE BROKEN

EXPORTS FOR OCTOBER FAR IN EXCESS OF ANY PREVIOUS MONTH.

The Total for the Year Will Reach a Figure That is Unprecedented in the History of the Business Interests of the Country.

WASHINGTON, Nov. 22.—October exports have broken all monthly records in the history of the commerce of the United States, and the ten months of 1900 ending with October also break the record of exports for the corresponding period of preceding years, and give assurance that the calendar year 1900 will show the largest exports in the history of our foreign commerce. The total exports during the month of October, as shown by the records of the treasury department, were \$163,993,597, or practically double the exports of October, 1899, when they were \$83,653,121. The total for the ten months ending with October, 1900, is \$1,194,775,205, or practically double that of the ten months ending with October, 1899. Exports exceeded imports during the ten months ending with October by practically \$500,000, or, to be exact, \$499,667,936, while in the corresponding ten months of 1899 imports exceeded exports by \$96,663,369. The year 1900 will for the first time in the history of our commerce, show an export of more than \$100,000,000 value in every month of the year, while for the first time a single month, October, 1900, passes the \$150,000,000 line, being, as already stated, \$163,993,597, against the highest preceding record of \$134,157,225, which was made in March, 1900.

Agriculture, mining and manufactures have jointly contributed to this enormous increase in our export business. The details of the tenth month of the year, October, have not yet been completed, but those for the nine months ending with September show that agricultural exports are \$50,000,000 greater in 1900 than in 1899; manufactures, \$60,000,000 greater; products of the mine, \$7,000,000 in excess of the corresponding months of the preceding year, and products of the forest \$5,000,000 greater than in the nine months of 1899. It is especially in raw cotton and manufactured iron and steel, however, that the greatest growth is shown. Exports of cotton in the single month of October amounted to over \$60,000,000 against \$28,000,000 in October, 1899; \$30,000,000 in October, 1898, and \$32,000,000 in October, 1897. Manufactures of iron and steel show for the nine months ending with September (October details not yet being available), \$97,313,060, against \$76,569,505 in the corresponding months of 1899, \$59,990,665 in the corresponding month of 1898, and \$45,693,384 in the corresponding month of 1897, having thus more than doubled in three years' time.

The following table shows the exports in each month of the year 1900, comparing the same with those of the corresponding months of 1894:

	1894.	1900.
January	\$85,940,226	\$117,597,158
February	65,175,331	119,426,985
March	70,640,839	134,157,225
April	84,124,812	118,772,580
May	61,043,582	113,427,849
June	57,504,487	108,651,957
July	52,641,176	100,441,793
August	60,776,147	103,576,654
September	58,798,675	115,629,417
October	83,653,121	163,993,597

PLANTERS OBSTREPEROUS.

Those of Louisiana Refused to Furnish Census Information.

From the New Orleans Picayune.

H. H. Merriam of the division of agriculture, United States census, at Washington, D. C., is a guest at the St. Charles Hotel.

Some of the Louisiana sugar planters have been a trifle obstreperous about giving in the full facts of their sugar business for the new census, and it became necessary for Mr. Merriam to make the trip to this state and assist matters some.

"The trouble seems to have arisen," said he, "over the belief among sugar planters that the giving of this information would be the making of their business too public. Such is not the case, and since we have explained that all individual statistics will be lost in the summaries I think there can be no further objection."

Mr. Merriam is a brother of Hon. William R. Merriam, the director of the census and the ex-Governor of Minnesota. He is a Yale man and a pleasant young gentleman of strong capabilities.

He said last night that he would go out to New Iberia and probably other points in the sugar belt.

"How many sugar planters have held back information?"

"I suppose there are between thirty and forty. We will have it all straightened out in a month's time."

Considerate Girl.

"Well, Miss Homewood gave young Mr. Brushton the cold shoulder at the eucalyptus party last night," said Mr. Beechwood.

"That was considerate of her," commented Mr. Wilkinsburg.

"Eh?"

"The rooms were so frightfully warm, you know."

Photograph the Baby.

Have you had a photo taken of baby? That's the question every mother is interested in. Baby is baby only once in a lifetime and what parent does not cherish the memory of his happy, care-free ways?

Then perhaps unkind fate has something sinister in store for him, who knows?

Have a photo of baby by all means and don't put it off.
